

I am against Low Power FM. Currently I listen to and financially support K-Love Christian radio. K-Love serves me as a local resident by providing a contemporary Christian radio station in our area. This is the only one in our service area. K-Love provides uplifting, positive and encouraging programming. If a LPFM broadcaster usurped this service, our community would lose a valuable community asset. It is clearly in the public interest to preserve K-Love, due to their commitment of helping people 24 hours a day, 7 days a week. They provide staff who answer calls from people needing help and they direct the public to services available in their area. This is why I support the station financially. It is good for the community.
